2.

Autumn is yellow,
Winter is white,
Spring is green,
Summer is bright.
Spring is here,
Summer is near,
Grass is green.
So nice and clean.
Winter, spring, summer, fall –
I like spring best of all.

(Учащиеся сначала повторяют стихотворения хором за учителем, а потом рассказывают их самостоятельно).

3. There are many new faces in our classroom. Let's make friends!

Учащиеся отвечают на вопросы учителя:

Autumn is

My dear friends! Autumn it is a wonderful season! She has a bright colour. What can you tell us about this wonderful season?

- Is Autumn a good season?
- When does Autumn begin?

- Do you like Autumn?

9. And will you tell us about Autumn in Konakovo, please?

10. And now let's have a rest! Do you remember our poems about 12 months?

*January bring the snow,
Makes our feet and fingers glow.
February brings the rain,
Thaws the frozen lake again.
March brings breezes, loud and shrill,
To stir the dancing daffodil.
April brings the primrose sweet,
Scatters daises at our feet.
May brings flocks of pretty lambs*

*Skipping by their fleecy dams.
June brings tulips, lilies, roses,
Fills the children's hands and posies.
Hot July brings cooling showers,
Apricots and gillyflowers.
August brings the sheaves of corn,
Then the harvest home is borne.
Warm September brings the fruit,
Sportsmen then begin to shoot.
Fresh October brings the pheasant,
Then to gather nuts is pleasant.
Dull November brings the blast,
Then the leaves are whirling fast.
Chill December brings the sleet,
Blazing fire and Christmas treat.
(Sara Coleridge, A Calendar).*

20. And now we are going to speak about seasons in Konakovo.
Will you answer my questions, please?

Учащиеся отвечают на вопросы учителя.

- Is the weather warm or cold in autumn?
- What do people usually do in autumn ?
- Can we go to the forest?
- Can we swim in the river?
- What colour are the trees in autumn?
- What is your favourite season?

21. Dear friends! Will you tell us about your favourite season, please?

Примерные рассказы учащихся:

There are 4 seasons in the year. Each of them lasts 3 months. Every new year begins in winter on the 1st of January. It is a holiday in our country. People decorate New Year trees. Winter is a cold season in Kaliningrad. It often snows. The rivers and the lakes are frozen over. The sun sets early and rises late. The days are short, the nights are long. The sky is grey.

At the end of March the weather gets warmer. The sun shines brightly. The days become longer, the nights become shorter. Snow begins melting. Nature awakens after a long winter sleep. The birds return from the South.

Spring is followed by summer. The weather gets warmer. People go to the forest, swim in the river in summer. I like summer very much.

Autumn comes in September with the beginning of the school year. Leaves fall down from the trees and cover the ground. Birds fly away to warm countries. Autumn is a tasty season.

One of our pupils made a presentation “Seasons”. I think it is very interesting. Let’s see and enjoy it!
